No drinking water quality violations...ever!

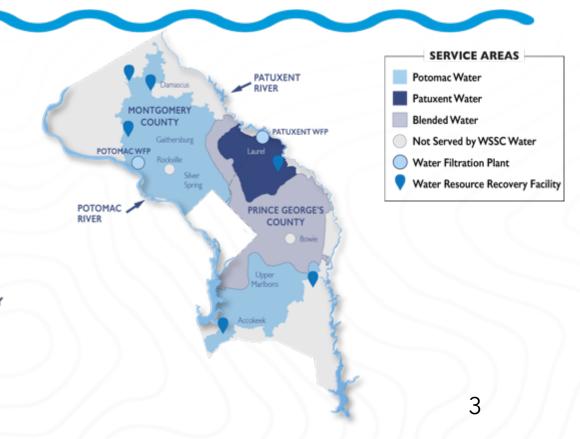

WSSC WATER AT A GLANCE

Established in 1918, WSSC Water is the largest water/wastewater utility in Maryland and among the largest in the nation. Our service area spans approximately 1,000 square miles in Prince George's and Montgomery counties. We proudly serve 1.9 million residents with safe and reliable drinking water and help protect the Chesapeake Bay by treating and returning clean water back to Maryland waterways.

Investing in critical infrastructure enables WSSC Water to maintain compliance with the Safe Drinking Water & Clean Water Acts.

A robust Capital Improvements Program also creates jobs & enhances the economic output of both Montgomery & Prince George's counties.

WSSC Water's proposed FY25 budget increases & aligns investments to drive infrastructure improvements to disadvantaged communities.

Enhancing Financial Metrics to Retain our AAA Bond Rating

The financial impact of a AAA downgrade is estimated as high as

over 30 Years

WSSC Water's revenue enhancement is, in part, necessary to bring sustainable improvements to the financial metrics of the utility to retain the AAA bond rating & remove the negative outlook.

Protecting Income-Constrained Customers

Our FY25 budget includes a \$4.2M increase in financial assistance to help protect income-constrained customers, bringing the total to more than \$7.7M - a 121% increase.

Maintaining Operational Reliability and Resilience

A revenue enhancement is necessary to overcome inflationary pressures/rising costs

HEAT, LIGHT WSSC WATER'S

BLUE PLAINS SHARE

38%

HEAT, LIGHT & POWER

89%

Another driver of the proposed FY25 revenue enhancement is overcoming 6 years of no rate increases (1999 - 2004) & the lag in rate increase requests in prior years. Over the past 6 years, approved rate increases were 8.2% lower than requested, resulting in a \$55M loss of rate revenue.

Building a **Strong Workforce**

43%

WSSC Water's Workforce Live in the Service Area

Our proposed FY25 budget increases investment in our workforce to allow WSSC Water to remain competitive & recruit, retain & engage skilled workers to carry out our one water mission. In addition, competitive wages helps the local economy as 43% of WSSC Water's workforce lives in the service area.

WSSC Water's PRIORITIES

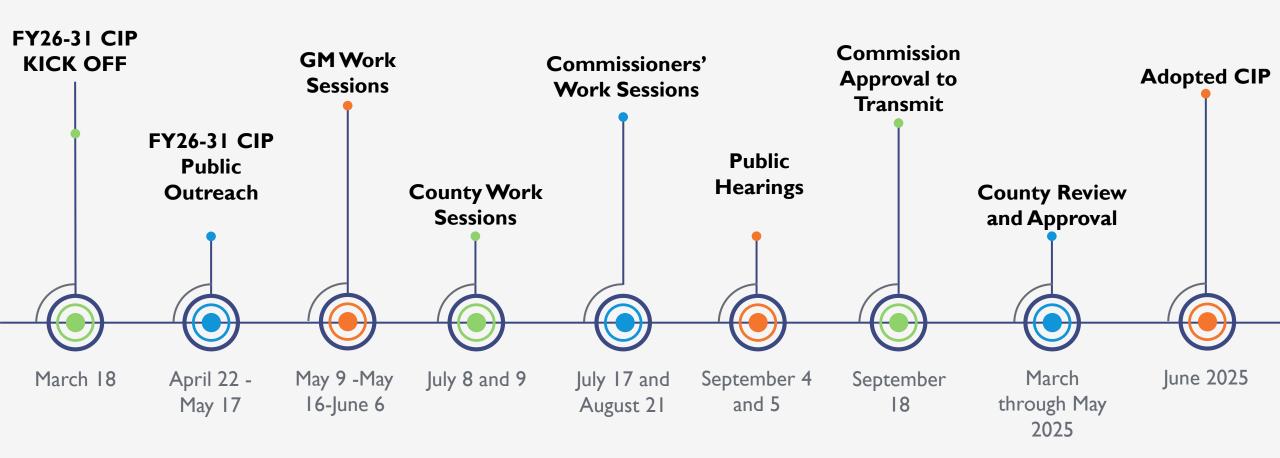

CIP Development Timeline

CIP Planning Timeline has been updated to incorporate high level internal reviews and community engagement

- 8 Program Areas
- CIP is organized within the following major sections:
 - Montgomery County Water
 - Montgomery County Sewer
 - o Bi-County Water
 - o Bi-County Sewer
 - o Prince George's County Water
 - o Prince George's County Sewer
 - o Information Only

DRIVERS OF EQUITY AND ENVIRONMENTAL JUSTICE AT WSSC WATER

Montgomery County Equity Focus Areas (EFA)

Prince George's County Revitalization Tax Credit Areas (RTA)

Metropolitan Washington Council of Governments (MWCOG) Equity Emphasis Areas

Customers/Disadvantaged Communities

State of Maryland Priority Funding Areas

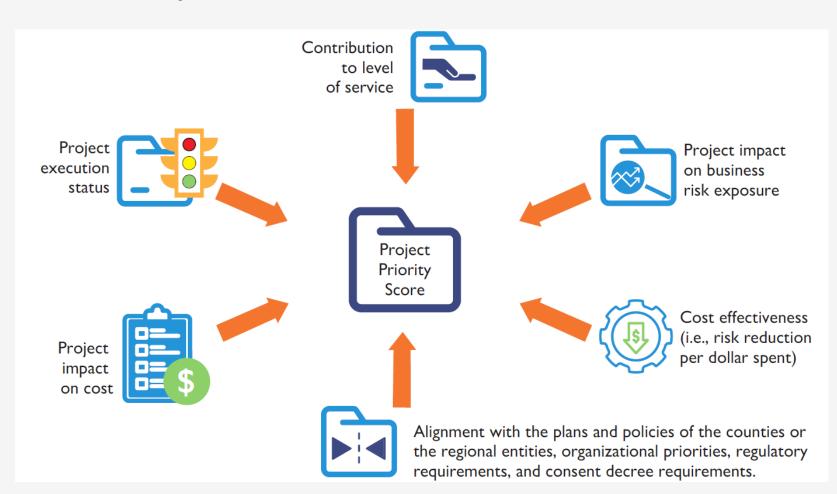

U.S. Environmental Protection Agency BIL, IRA, Justice40, Environmental Justice

PROJECT PLANNING:

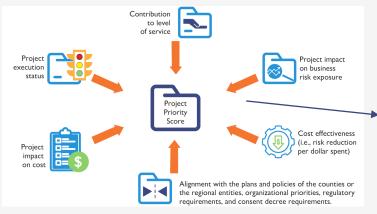

WSSCWATER DELIVERING THE ESSENTIAL

Project Prioritization

• EQUITY is a disrupter to conventional norms/asset management-based programs

Revised Project Prioritization Scoring

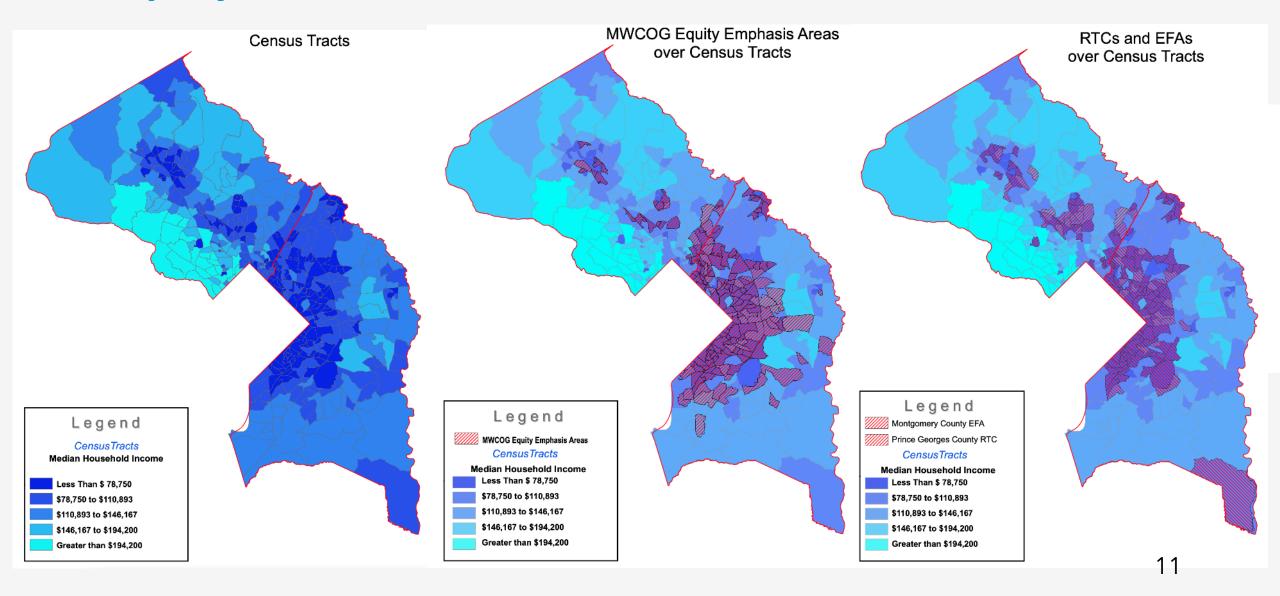

prioritization allows us to provide Equity visibility and identify drivers for each project.

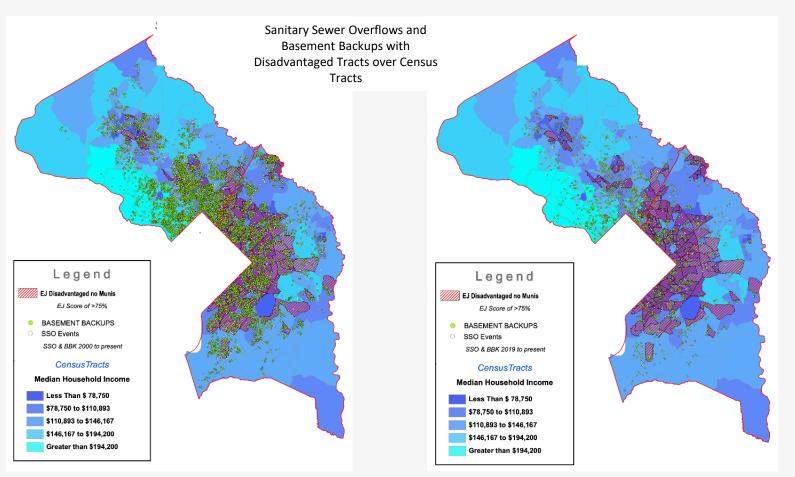

Equity And Environmental Justice

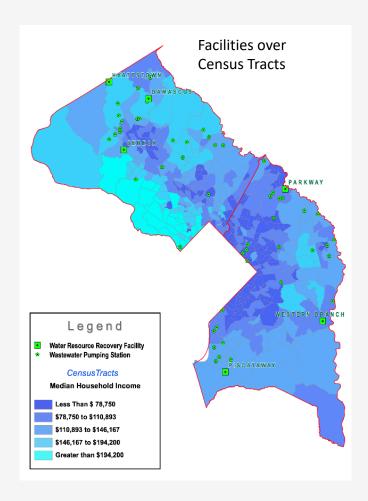

Equity and Environmental Justice Planning:

Sewer System and Wastewater Treatment and Resource Recovery Facility Improvements

- Facilities planning
- Upgrades to Water Filtration Plants & Water Resource Recovery Facilities
- PFAS mitigation
- Emerging contaminants & other regulatory changes
- Upgrade aging pumping stations & force mains
- Completion of Piscataway Bioenergy facility
- Upgrading the meter infrastructure
- Clean energy/decarbonization project portfolio
- Modernize depots
- Be intentional in addressing equity and environmental justice

Water Distribution wssewater

Water Reconstruction Program

(W-1.00)

The purpose of this program is to renew and extend the useful life of water mains, house connections, and large water services.

FY2024 Goal: 25 Miles of water main replacement

FY 2024 New Projects

Jervis St. Water Main Replacement: Started design on the replacement of 4-inch, 8-inch, and 10-inch water mains in Clinton area of Prince George's County, Maryland.

FY 24 Budget: \$87.18M

Water Distribution Large Diameter Water Pipe & Large Valve Rehabilitation Program(W-1.61.01)

The purpose of this program is to plan, inspect, design, and rehabilitate or replace large diameter water transmission mains and large system valves that have reached the end of their useful life.

FY2024 Goal: 6 Miles of Transmission Main Replacement

FY 2024 New Projects

Rosaryville Water Main Replacement: Started work on 207 feet of water main replacement and 2,910 feet of water main installation in in Upper Marlboro in Prince George's County.

FY 24 Budget: \$79.32M

Wastewater Collection Sewer Reconstruction Program (S-1.01)

FY24 Goal: 25 miles of main and lateral design & construction

FY 2024 New Projects:

Started work on 2300 linear feet of sewer main replacement in Oxon Run Basin.

FY 24 Budget: \$65.43M

Wastewater Collection Trunk Sewer Reconstruction Program (S-170.09)

FY24 Goal: 10 miles for the rehabilitation of sewer mains and their associated manholes in environmentally sensitive areas.

FY 2024 New Projects:

Started lining and replacing 1.15 miles of sewer main in Piscataway Creek Basin.

FY 24 Budget: \$55.17M

FOLLOW-UP CONSTRUCTION MEETINGS

CURRENT PROJECTS

SOUTH OSBORNE ROAD

Streets Impacted: Brentwood Drive, Carroll Court, Carroll Way, Farm Road, Crain Highway (MD 301), Rolling Glen Way, South Osborne Road, and Tulip Hill Lane

Project Work: Replacing/rehabilitating 3.66 miles of 8" to 30" diameter water mains

Key Contacts:

WSSC Water Construction Manager: Dan Hamilton, 301-642-5608, <u>Dan.Hamilton@wsscwater.com</u>

WSSC Water Technical Contract Supervisor:
Justin Clark, 240-761-7311, <u>Justin.Clark@wsscwater.com</u>

Anticipated Completion Date: Summer 2025

ALLENTOWN ROAD

Streets Impacted: Allentown Road, Kiddiminster Avenue, & Temple Hill Road

Project Work: 3.53 miles of 4-inch to 42-inch diameter water mains

Key Contacts:

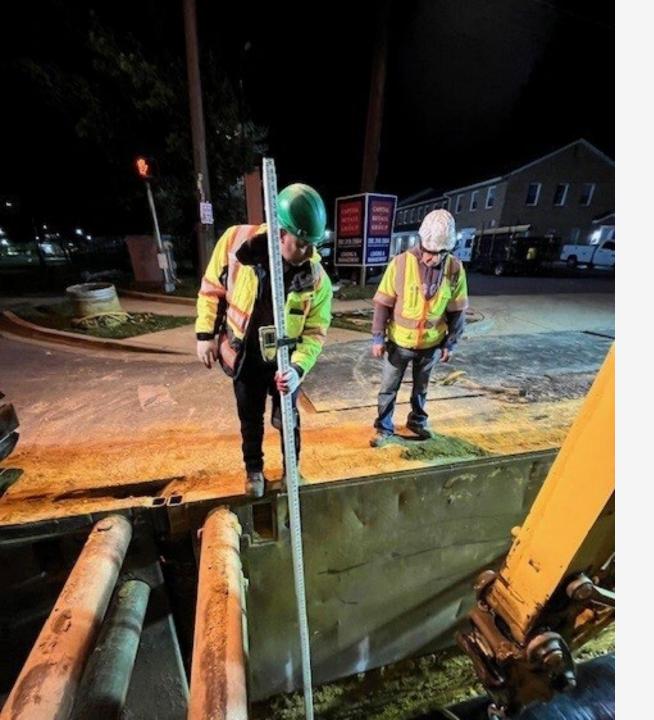

WSSC Water Construction Manager: Dan Hamilton, 301-642-5608, <u>Dan.Hamilton@wsscwater.com</u>

WSSC Water Technical Contract Supervisor: Mike Dobbs, 301-535-8700 <u>michael.dobbs@wsscwater.com</u>

Anticipated Completion Date: Late Fall 2024 (pending weather)

OLD BRANCH AVENUE

Streets Impacted: Old Branch Avenue, Allentown Road, Woodyard Road, & Piscataway Road

Project Work: 3 miles of new 30-inch diameter water main

Key Contacts:

WSSC Water Construction Manager: Dan Hamilton, 301-642-5608, <u>Dan.Hamilton@wsscwater.com</u>

WSSC Water Technical Contract Supervisor: Tim Allen, 240-676-5970 <u>Tim.Allen@wsscwater.com</u>

Anticipated Completion Date: Summer 2025

LIVINGSTON ROAD

Streets Impacted: Farmington Road, Indian Head Highway, Saint James Road, Berry Road, Jillian Court, Alhambra Avenue, Blackburn Street, Chatsworth Drive, Oak Drive, & Hathaway Court

Project Work: 1.7 miles of sewer pipe rehabilitated

Key Contacts:

WSSC Water Construction Manager: Dan Hamilton, 301-642-5608, <u>Dan.Hamilton@wsscwater.com</u>

WSSC Water Technical Contracts Supervisor: Derrick Jones, 240-997-9215
derrick.jones@wsscwater.com

Anticipated Completion Date: Early Summer 2024

WHAT TO EXPECT DURING CONSTRUCTION

Anticipated Work Hours

- Monday-Friday, 9:00 a.m. 3:30 p.m.
- Work may occasionally extend beyond these hours to complete specific tasks.

Traffic Impacts

- Possible temporary changes to traffic patterns
- Access will be maintained to homes during construction

Parking Restrictions

- 48-hour advance notice for (denoted by "No Parking" signs)
- Vehicles that have not been removed will be towed to a nearby
- street at no cost to the owner.
- Final restoration of sidewalks, roadways and landscaping will take place within 90 days of construction completion.
