Test Site Address: _____
Nearest Intersection: _____

WSSC Official Use Only:
ADC Map Page: _____ Grid: _____ 200 FT. Sheet: _____

Submit all completed Request Forms and Attachments via email to:

FireFlowTestRequest@wsscwater.com

Please do not send payment at this time!

Utility Services Central Division will research the request to see if there is existing data on file. The fee for existing data is **\$80.00**. If a new test is needed, the fee is **\$730.00**. We will notify the requestor of our findings and advise the appropriate fee within 5 business days.

When contacted, please remit payment in the correct amount along with a copy of this request form to:

WSSC
Attn: Revenue Division - **Fire Flow**
14501 Sweitzer Lane
Laurel, MD 20707

Flow Test Site Address MUST be printed on the check stub for Reference

Note: New, or existing test results will only be provided upon receipt of the above information and appropriate fees. New fire flow test results will typically be available within 2 weeks from the date of receipt of the payment except during winter months when flow testing is dependent on weather conditions. No test will be performed when temperatures are near freezing. In addition, no test will be performed on private fire hydrants.

FOR FURTHER INFORMATION, CONTACT MR. MICHAEL DUCKWORTH @ (301) 206-4258.
